During the early morning hours of November 10 2009 (540 AM CST), Tropical Storm Ida made her initial landfall near Dauphin Island, Alabama with maximum sustained winds near 45 mph with locally higher gusts. A second landfall occurred around 6 AM CST near Bon Secour, Alabama.

Portions of Forrest County were impacted by the far western edge of Ida which brought some 30 to 40 MPH wind gusts during the morning hours of November 10th. These strong winds caused several trees to be blown down.
